MORE CEUS, CONTENT, GUIDANCE AND CUSTOMIZATION with EncoderPro.com Plus

Date: April 25 | **Time:** 3 p.m. CT | **Minutes:** 30

Come see what EncoderPro.com Plus is all about. Learn how to get access to 25 CEUs, an E/M review tool, and the ability to make your EncoderPro.com search results customized to you and your organization/specialty. This short webinar will demonstrate new code searching tools that are customizable, how to access previous years' worth of coding content and become more accurate coders while earning CEUs.

MYOCARDIAL INFARCTION (MI) TYPES AND TIPS Let EncoderPro.com help

Date: May 14 | **Time:** 1 p.m. CT | **Minutes:** 30

STEMI or NSTEMI — what is the difference? What does Type 1, 2, 3, 4 or 5 MI mean — does it really affect the code? Discover the answers to these and other perplexing acute myocardial infarction (MI) coding questions with help from EncoderPro.com.

CODING DISCONTINUED PROCEDURES IN ICD-10-PCS using RevenueCyclePro.com

Date: June 11 | **Time:** 1 p.m. CT | **Minutes:** 30

Stop the clock! There are many causes for an early or incomplete termination of a surgical procedure. Learn how to code discontinued procedures in ICD-10-PCS with help from RevenueCyclePro.com.

FIND MEDICARE/MEDICAID CONTENT EASILY using MedicalReferenceEngine.com

Date: May 7 | **Time:** 1 p.m. CT | **Minutes:** 30

Since Medicare is generally the definitive standard from which coding rules and regulations are derived, you need to know how and where to get the correct CMS references to support your work. The CMS website contains hundreds of thousands of references, so finding the ones you need can take precious time from your productivity and also leave you stressed, confused, and wondering if you are even searching in the correct area. Join this informative session on how MedicalReferenceEngine.com provides the references you need without spending a lot of time searching and guessing. Our exclusive, powerful search engine has been designed to take away guesswork and provide answers accurately and quickly. You can even customize the way you search or receive those answers. Learn how easy your regulatory and compliance work can be with MedicalReferenceEngine.com.

OPTUM360 SPECIALTY ARTICLES The clarity is in the Article Details

Date: June 25 | **Time:** 1 p.m. CT | **Minutes:** 30

This specialty information is derived from Optum360 sources and multiple specialty organizations to provide you with information that will not only assist you in understanding the nuances of your specialty, but will also enable you to better code, bill and report those unique circumstances based on your specialty. This webinar will address the available content in numerous specialties, how to utilize various search parameters to find relevant content, and how this information can assist in more accurate coding.

THE AMA CPT® CONTENT MODULE

Access to everything you need for accurate CPT® coding

Date: July 16 | **Time:** 1 p.m. CT | **Minutes:** 30

The AMA provides a wealth of information regarding the correct use of the CPT® code set. From the vast library of CPT® Assistant newsletters to annual CPT® Changes publications, you can learn everything you need to know to accurately use this code set. You can even see all the questions customers have asked the AMA about CPT® codes that may present problems. Come learn how to access this entire library of AMA information. Whether it is past issues of a CPT® Assistant or the newest change to a CPT® code, you have everything you need to truly understand how to correctly place these codes on your claims.

NEW! REVENUECYCLEPRO.COM ENCODER SOLUTION AND MS-DRG GROUPEUR ADD-ON

Date: September 10 | **Time:** 1 p.m. CT | **Minutes:** 30

Follow the steps to understanding MS-DRG assignment and view the results of using encoder logic to enter ICD-10-CM and ICD-10-PCS codes in a MS-DRG grouper for multiple detailed coding scenarios. These coding scenarios will show coding and documentation nuances that can affect MS-DRG assignment, reimbursement and case mix index, using one of the most comprehensive coding, compliance and referential resources available. Join us as we showcase the new RevenueCyclePro.com Encoder Solution and MS-DRG Grouper Add-on.

START FINDING HCC GUIDANCE FASTER

Tips from our experts

Date: October 15 | **Time:** 1 p.m. CT | **Minutes:** 30

Join this informative webinar highlighting HCC content currently available within EncoderPro.com. This will include how to look up HCC categories, HCC trumping, and a case example. See how EncoderPro.com makes it easier to find this information.

E/M CODING GUIDANCES

How EncoderPro.com can help

Date: August 13 | **Time:** 1 p.m. CT | **Minutes:** 30

Evaluation and management (E/M) coding continues to garner a top spot in Medicare's 2018 list of improper payments. Projections of payment errors for all E&M codes in 2018 is a staggering \$3.8 billion dollars with incorrect coding accounting for 61% of that number. (Keep in mind these are only Medicare numbers, commercial payers should have similar results.) We'll review a few E/M examples that top that list and see how the tools in EncoderPro.com can assist your group in avoiding these common errors.

APPLYING ICD-10-PCS GUIDELINES —

Essential for coding your difficult cases

Date: September 24 | **Time:** 1 p.m. CT | **Minutes:** 30

Explore this valuable companion — Optum360 ICD-10 Essentials: Applying ICD-10-PCS Guidelines is designed to clearly illustrate coding concepts and reinforce understanding from basic coding questions to the most complex. Discover the in depth case studies with codes that are based on appropriate application of ICD-10-PCS guidelines supplemented by detailed rationales, illustrations, definitions and other beneficial coding tips and information.

TIPS AND TRICKS: FEE SCHEDULE

DEVELOPMENT

using FeeAnalyzer.com

Date: October 29 | **Time:** 1 p.m. CT | **Minutes:** 30

Reviewing and maintaining a fee schedule can be a challenging task. Join this session as we provide tips and tricks regarding fee schedule development and how FeeAnalyzer.com is designed to help fine tune your fee schedule to identify areas for optimal reimbursement. Get online access to percentiles of relative and actual physician charge data for a specific geographic area, specialty and comparison against Medicare fees.
