Official guidance

INDUSTRY CODING GUIDANCE ON CPT®, ICD-10-CM/PCS, ICD-9-CM, HCPCS, ANESTHESIA AND DENTAL

AHA Coding Clinic® for HCPCS | A
This code-driven archive offers advice for proper application of HCPCS supply and service codes.

AHA Coding Clinic® for ICD | A
Integrated access to the only official publication for ICD coding guidelines.

The American Medical Association (AMA) CPT® Content Module | A
Gain unparalleled access to content from the AMA that helps provide clarity and accuracy in CPT® code reporting: CPT® Assistant newsletters, CPT® Changes: An Insider's View and thousands of CPT® questions and answers from the CPT® Knowledge Base.

ASA CROSSWALK® | F
Gain access to the official code list from the American Society of Anesthesiologists. Includes crosswalk to ASA codes from CPT® codes, ASA base units and the reverse crosswalk to CPT® codes from anesthesia codes. *Available for ASCExpert.com only.*

CPT® Assistant | A
Online access to every relevant article found in the AMA CPT® Assistant coding newsletters.

CPT® Changes: An Insider's View | A
All the great content you rely on from the best-selling book is now accessible from your online coding application. Updated annually, this guide provides the official AMA rationales for every new, revised and deleted CPT® code and guideline code set going back to 2006.

HCPCS D Codes | F, P, Y
Full access, including detail and summary pages, to all HCPCS D codes (Dental), plus a CPT® to dental codes crosswalk.

Dr. Z's Medical Coding Series: Interventional Radiology Coding Reference | F, P
Without leaving your workflow, access the go-to manual that simplifies the complexity inherent in interventional radiology coding. Includes details for appropriate coding and charging of both vascular and non-vascular procedures, laid out by type and anatomical site, as well as thorough instructions about the included components, based on the appropriate CPT® or HCPCS code.

Total CPT® | A
Gain online access to every relevant article found in the American Medical Association's CPT® Assistant coding newsletters and CPT® Changes: An Insider's View in their entirety.

Coding reference

INTEGRATED MEDICAL AND CODING TERMINOLOGY CONTENT AT YOUR FINGERTIPS

Coders' Dictionary | A
Understand medical terminology from a coding perspective and gain efficiency.

Optum360 Specialty Articles | P, Y
Provides exclusive access to the most recent and relevant specialty content available today. This specialty information is derived from multiple specialty organizations and other applicable sources to provide you with information that will not only assist you to understand the nuances of your specialty, but to better code those unique circumstances based on your specialty.

DrugReimbursement.com | A
An online drug coding and reimbursement reference tool and database that provides up-to-date Medicare coding, billing and reimbursement information for FDA-approved drug codes.

Historical Application Content | A
Access to historical data from the previous eight quarters helps you work with appropriate information (standard at no additional cost in RevenueCyclePro.com, ASCExpert.com and DrugReimbursement.com).

MedicalReferenceEngine.com | A
Get comprehensive medical reference information — the content of 35 Optum360 publications, plus thousands of Medicare references and fee schedules — all in one place.

Stedman's Medical Dictionary | A
Access more than 100,000 medical terms and their clinical definitions, compiled in one location.

Post-acute Care | A
Designed specifically to address the challenges faced by home health, hospice, skilled nursing and rehabilitation services. It delivers access to every description, guideline, and instruction in the Post-Acute Care Expert code books, but in a more convenient format and just as affordable.

NEW ICD-10 Essentials: Operation PCS | F
A new companion resource for ICD-10-PCS, that provides in-depth explanations of everything from the basic format and structure of the ICD-10-PCS code set to use of the supplemental appendixes to code assignment based on appropriate application of the coding guidelines. Using coding examples and case studies, correct code assignment is explained with an emphasis on application of the coding and reporting guidelines.

Claims submission

SUBMIT CLEANER CLAIMS AND GET PAID FASTER

Claims Batch Editor | P
This powerful, yet easy-to-use, scrubber for physician claims automatically checks for errors prior to submission, so you submit clean claims the first time.

Repair Toolkit for Claims Batch Editor | P
The Repair Toolkit reviews coding issues and repairs these issues prior to submittal to a payer to boost your scrubbing capabilities and streamline your workflow.

Clinical Documentation Improvement | P
Ensure clinical quality, substantiate medical necessity and determine justifications for appropriate reimbursement — all by code for clinicians and coders and especially helpful with the increased specificity required with ICD-10-CM/PCS.

DRG Grouper Calculator for Medicare | F
Used in conjunction with RevenueCyclePro.com, this add-on uses Admit/Discharge date information to identify which grouper and pricer version to invoke and then groups the submitted codes, calculates the reimbursement and returns the results for a single DRG code.

NEW Claim Appeal and Denial Support | A
This add-on provides, for any claim edit, the actual sourcing for that edit. For coders, this means no more searching for code guidelines for claims appeal support. Simply click a link to see the coding guideline, directly from the source, as to "why" the edit may be an issue on your claim. For payers, you now have access to coding guidelines for possible claim adjudication review.
